

Managing Customer Loyalty Orders

Your customers may add, change or even cancel their Customer Loyalty orders from their account. Let's walk through how your customers can interact with their subscription. Customers will:

1. Log in to their account.

2. Choose the action they want to take with their subscription.

- a. Change the day of the month an order is shipped by clicking **Change** on the "Next Shipment Summary" section.

- b. Edit or change credit card information by clicking **Change** in the “Payment Details” section.
- c. **Quick Add Items to Subscription** provides a simple search to locate items they plan to add to their subscription.
