

## Starting a Customer Loyalty Subscription

It's very easy for customers to place a Customer Loyalty Subscription. Let's walk through the process. Your customer will:

1. Shop as usual.
2. Go to **Checkout**.
3. Choose how often they want each product shipped. Customers may have different products shipped at different intervals. They choose shipping frequency from the drop down box.

4. Click **Next**. If the customer has logged in, they will be taken to the payment page. If they have not logged in, they will be taken to the login page to finish processing their subscription.

5. Enter payment information and click **Next**.

6. Review order and read the Terms and Conditions. Choosing **Finalize my Order** indicates that the customer agrees to the Terms and Conditions.
